

A brief introduction to our cast...

Ginko Chiyosei

Age 19

Fairy

Our silver-haired heroine, who works as a royal translator, translating documents and messages from foreign countries.

She has an insane sweet tooth and a tendency to feel worthless, but after the Princess gets kidnapped, she sees an opportunity to be useful for once!

Sora Ganji

Age 19

Human

Our dark-red-haired hero.

He makes a living doing odd jobs around town, to the point where pretty much everybody knows him.

He lives a quiet life in a clearing within a maze of back-alleys known as the “Catacombs”.

But this quiet life of his is about to be thrown out the window with the arrival of a certain silver-haired fairy!

Murasako Koyosei

Age 20

Fairy

Ginko’s purple-haired frenemy.

Also a royal translator, but she really wants to be a royal knight.

She tends to be a bit standoffish, but means well.

Aoko Koyosei

Age 22

Fairy

The blue-haired captain of the royal knights’ squad 10 and Murasako’s older sister.

She’s the cool, calm leader type, and so lots of the other fairies look up to her. Especially seeing as she’s the only fairy in the entire royal knights corps.

Apex Enclavius

Age 22

Human

Crown Prince of Nogard.

He’s vain, he’s short tempered, he has bright-red-hair.

He cares deeply for his family however, and his sister’s kidnapping really affects his attitude.

Marissa Enclavius

Age 18

Human

Crown Princess of Nogard and kidnappee.

She has a bit of a dirty mind, but she has a good head for politics.

Will anyone be able to save her from the trolls?
